# TRANSITION TO Glory

## Tribute

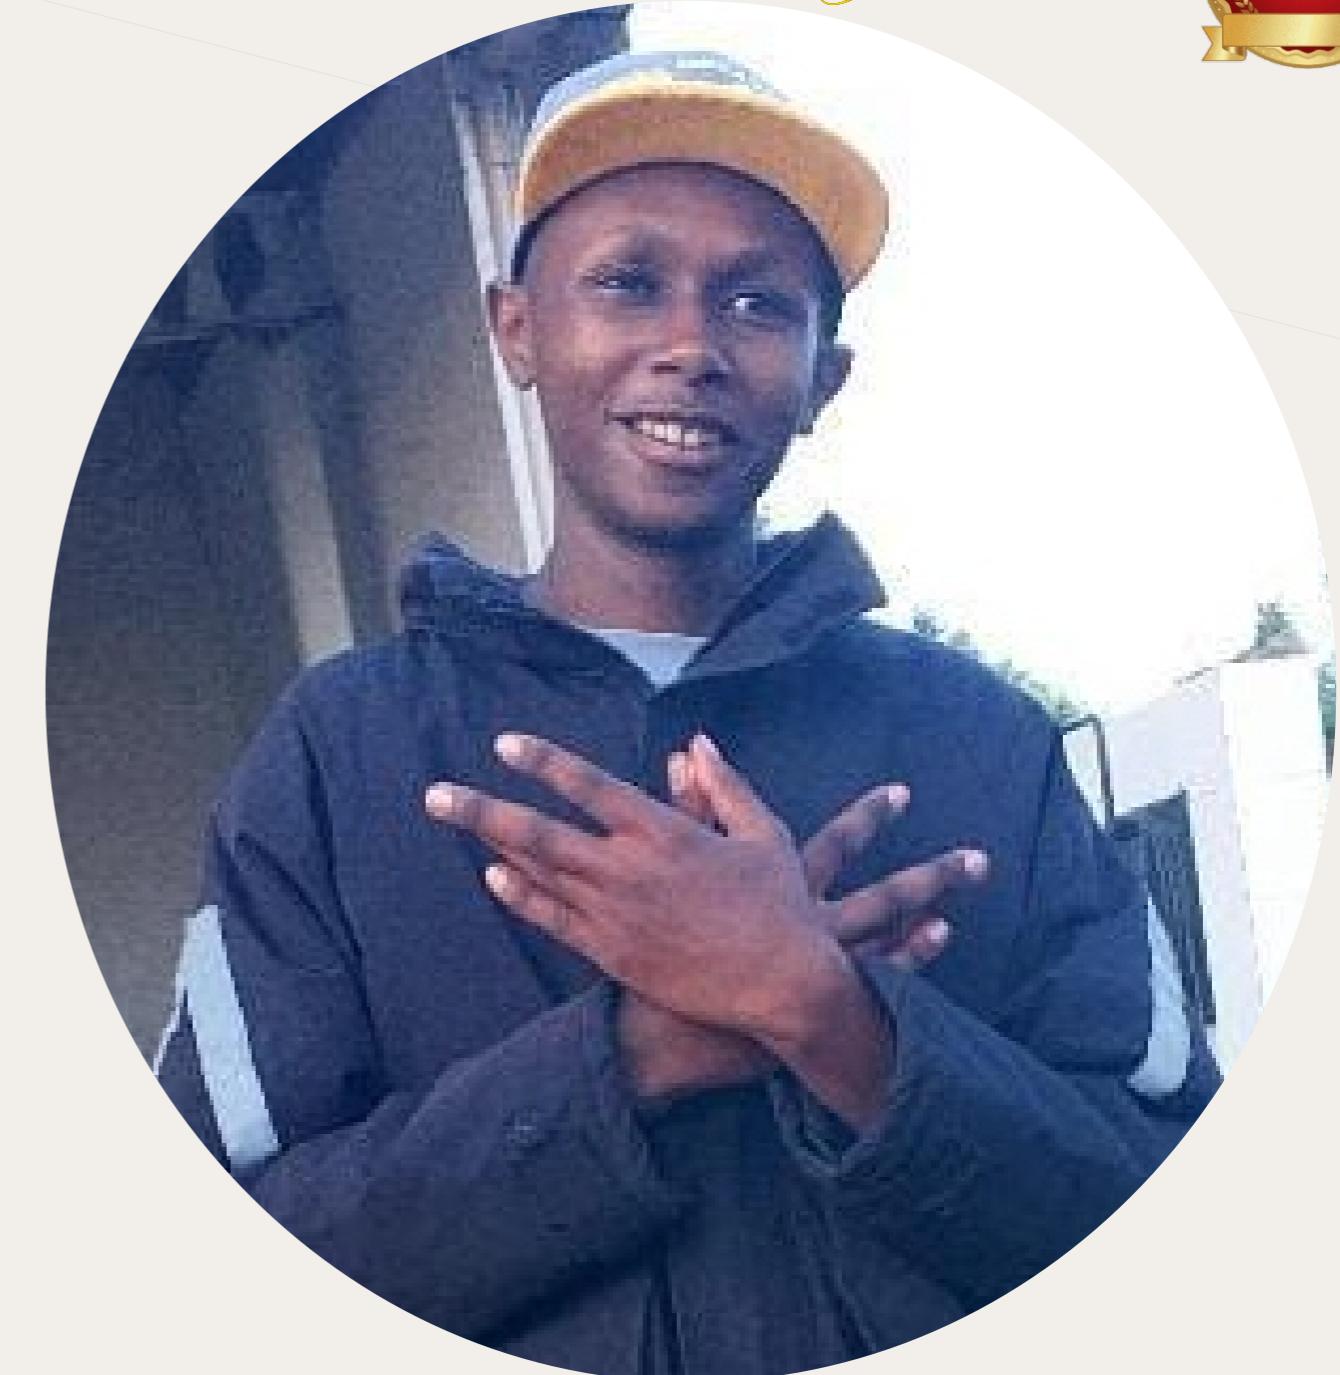

Losing you is my biggest heartbreak for this year. I wasn't even prepared for it, and will never be. The thought of not seeing you, hearing you, and talking to you again is like a deep stab in my heart. I want you to be in peace, but it's hard not to think about you. No matter what I do, I can still hear your laugh in my head. All of our shared memories just keep on flashing back, as if I click the replay button in my brain. If only I knew that you'd be gone, I should have hugged you for a long time when we last saw each other. It's very painful, not just for me, but also to the people that also loved and cherished you. I hope you'll find peace with Him. I will never ever forget about you.

I love you! Until we meet again, my friend.

Remember me when I am  
gone away, Gone far away  
into the silent land; When  
you can go no more hold  
me by the hand,

Nor I half turn to go yet  
turning stay. Remember me  
when no more day by day  
You tell me of our future  
that you  
planned:

Only remember me; you  
understand It will be late to  
counsel then or pray.  
Yet if you should forget me
